

SIGNATURE SERIES 1000 POND SKIMMER

The Aquascape Signature Series 1000 Pond Skimmer is designed to reduce maintenance and optimize water quality by removing unwanted debris from the surface of the pond. This state-of-the-art pond skimmer provides features and benefits that simplify skimmer installation and pond maintenance.

Constructed of extremely durable, UV-protected, high-density polyethylene, the Signature Series 1000 Pond Skimmer is built to last and backed by a limited lifetime warranty.

- Large volume, rigid debris basket with handle makes removing large debris quick and easy
- Rigid filter mat effectively removes smaller sediment and debris
- Natural-looking faux rock lid conceals the skimmer while protecting internal filter components
- Patented, adjustable face plate allows post-installation adjustments to the height of the skimmer opening to maximize functionality
- Locking weir door allows the filter to be quickly drained for maintenance
- Innovative liner attachment method makes installation easier than ever
- Includes overflow kit to automatically maintain proper maximum water level

SIGNATURE SERIES 1000 POND SKIMMER

Features and Benefits

- ① Natural-looking faux rock lid
- ② Low-profile lid design disguises the side edges of the filter
- ③ Large volume, rigid debris basket removes larger leaves and debris
- ④ Patented, adjustable faceplate
- ⑤ Rigid debris mat removes smaller debris
- ⑥ Internal injection-molded rack supports the filter mat and protects the pump
- ⑦ Bulkhead fittings provide professional watertight seals in the plumbing
- ⑧ Two bulkhead ports allow plumbing to run from either side of the skimmer
- ⑨ Corrosion-resistant, non-cross-threading hardware stands up to the elements
- ⑩ Rounded shape and curved edges provide maximum strength

Competitive Benefits

- Innovative liner attachment method and adjustable faceplate makes installation easier than ever
- Comes complete with state-of-the-art debris basket, fittings, hardware, and filter media
