

FAUX OAK STUMP COVER

The AquaScape Faux Oak Stump Cover is the ideal solution to covering unsightly landscape components, including everything from power outlet posts to lonGen™ panels. Many landscape covers, such as fake rocks, can look unnatural. The Faux Oak Stump Cover provides a realistic oak appearance that looks great in any setting. The cover features durable, heavy-duty polyresin construction, designed to stand up to the elements and provide years of enjoyment.

- Ideal for covering unsightly landscape components
- Great for hiding outdoor electrical outlets, power cords, transformers, and more
- Durable, polyresin construction
