

FIRE AND WATER SPILLWAY BOWL

Melt the stress away and excite your senses with the Aquascape Fire and Water Spillway Bowl. An impressive flame in the center of the spillway bowl illuminates the night as water gracefully flows around the fire and pours from the spout. The lightweight, durable fiber-resin composite construction is built to last and the natural-looking patina will provide years of enjoyment.

- Auto-Ignite Flame Control System with push button ignition and flame adjustment
- Lightweight and durable fiber-resin composite construction
- CSA-certified burner assembly and control panel
- 60,000 BTU stainless steel burner system
- Propane or natural gas
- Can be installed using an Aquascape AquaBasin® 45 (#83013 sold separately) or installed into an existing pond or water feature
