ROCK & FOUNTAIN CLEANER

Competitive Benefits

- Easy-to-use spray bottle makes application quick and simple
- Treatment can be directly applied to problem areas

How to Use

Aquascape Rock & Fountain Cleaner is extremely easy to use. Simply halt water flow and apply the treatment generously to the desired area. The pump can be turned back on after a minimum of 10 minutes. Longer wait times provide more effective debris removal. Allow at least 48 hours for treated debris to begin breaking apart. Floating debris can be easily removed by a filtration system, skimmer net, or water change. One bottle covers up to 300 square feet. Allow 48 hours between consecutive treatments. Best results may require multiple applications.

Before and After
